

NGBMCR CAMP GLISSON LETTER SENT TO 56 NGUMC BLACK CHURCHES

North Georgia Black Methodists for Church Renewal has been working to create a more inclusive experience for our children and youth at Camp Glisson. After much prayer and partnership, we again offer an opportunity for our children and youth to meet one another and others during the 2023 NGBMCR WEEKS at Glisson Summer Camp - Village.

Ethnic First Camper Grants Available

The North Georgia Conference has worked with the leadership of NGBMCR and is now pleased to announce "Ethnic First Camper Grants" for our children. **50 full-tuition grants** are available to our children and youth this summer. These grants are offered to encourage families of color to involve their children and youth in the conference summer programs at Glisson, which has been hosting summer ministries for our annual conference since 1925. The grants are made possible by the Office of Inclusion and Advocacy of the NGA Conference Center for Congregational Excellence and are being administered through North Georgia Camp and Retreat Ministries.

Act now! Spaces fill up quickly.

Please respond **before April 1st** to this opportunity and share the following information with parents and legal guardians of children and youth in your churches and outreach ministries who may benefit from such a great sleep away camp experience in North Georgia.

NGBMCR Camp Glisson can be found on our homepage at <https://ngbmcrumc.org/>
