

God has always put a new song in my mouth; therefore I will never grow tired of singing praises unto Him. (Psalm 40:3)

In this day and time Eric believes that the youth are seeking an awesome, electrifying move of God. And as time marches on, the more he feels the urgency of his call to be a driving force for this generation. Eric has been a faithful servant of our Lord and Savior Jesus Christ since birth. Singing praises to God is a life-long calling but as a worshipper it is his lifestyle.

Growing up with a background in traditional and contemporary gospel music has definitely molded his love of singing and writing music. It has given Eric Potter a sense of commitment and dedication to his call to produce and sing awe inspiring-innovative songs that touch on every musical style. He has had the honor of sharing the stage with his family and many exciting, well-known artists. Eric's music experience stretches more than twenty years and his passion for it knows no end!

In 1990, Eric was diagnosed with a life threatening brain tumor. Not only did it threaten his life, but it tested his faith in God. The doctors told him after the surgery there would be a 50% chance that he would never walk again, may suffer blindness and memory loss. But thank God for the Blood of Jesus! After much prayer and beyond normal faith, God miraculously and supernaturally wrapped the tumor in a cocoon to keep it away from the rest of his brain. The surgery was successful because of God's supernatural healing power! Eric has been serving in ministry with much fervor ever since with a promise to never be "so cool" as to let anyone stop him from praising the Lord!

As a Praise & Worship Leader at his local church, his passion for music is founded by his love of putting God's word to melodies and setting it in motion to encourage and motivate all people to have hope and keep the faith. His mission is to reach souls for Christ by going beyond the walls of church and to encourage them to be themselves but to change their lifestyles and lords. Eric's zeal for God allows him to put quality time into creating and singing music that will ignite a fire in the heart of the young people to praise and worship God without limitations. Once misunderstood for his high energy, style and "Jesus Power" attitude, now he's celebrated and appreciated for his "out-the-box" exuberant praise!

As an ordained and licensed Minister for over 20years, he carries his calling with humility and gratefulness knowing that God has anointed him for the nations; for the masses; and for the world as his music ministry continues to bless the iTunes, Amazon.com and YouTube listeners!

Eric is the proud father of Joshua Benjamin and Evangeline Butterfly: and a loving husband of 25 years to Medina. Together they serve the Lord faithfully in ministry; always remaining steadfast and immovable in the Lord, devoting their lives to the upbuilding of God's people for the work of His Kingdom.
