LEARN MORE ABOUT OUR PROGRAMS

SNAP-Ed

UGA Supplemental Nutrition Assistance Program Education (SNAP-Ed). We provide free nutrition education classes to SNAP eligible families in Georgia. With three different ways to learn; Food Talk, Food Talk: Better U, and Food eTalk, there's a class for everyone!

EFNEP

The Expanded Food and Nutrition Education Program is nationally known as EFNEP. EFNEP is a federally funded program that has been helping parents learn how to feed their children healthier meals and snacks for more than 40 years.

General Family and Consumer Sciences

We help consumers understand the relationships between food and health, promote informed nutrition decisions and regular physical activity, safe food handling and storage, safe home food preservation and economical food selection and preparation. Through a unique partnership, Extension staff can tap into a wealth of information for you.

Agriculture and Natural Resources

Agricultural and Natural Resources Agents provide unbiased, evidence-based information on agriculture, gardening, landscapes, natural resources and more through educational programs and consultation. Our Agricultural and Natural Resources programs and services include the Master Gardener Extension Volunteer program and soil and water testing.

4-H Youth Development

4-H is a youth development program that seeks to build leadership skills, public speaking skills, citizenship, and community service. 4-H is exploring, discovering, encouraging, challenging, and of course having fun!
